

Aura Designs Ltd.

ura Designs Ltd is the latest trendsetter in the digital textile printing technology arena. The company formed by a group of technocrats with more than 2 decades of wide and varied experience across textile and apparel sectors, aims to change the dynamics of the market. It is striving to bring the best hardware and software technologies together and integrating the same in its product portfolio. It has helped the company to launch state-of-the-art, cutting edge products aimed at delivering higher outputs at lower costs thereby providing higher optimisation levels.

This best of parts and products strategy has helped the company to develop a sizeable footprint in the global market with sales and services in many countries. The company has successfully established a stellar leadership role in its product category and aims to back it up with highly qualified and trained service technicians to deliver high quality service and spares backup for improved customer satisfaction •

HEXY 540 P

FAST SUBLIMATION PRINTERS

- 200+ m²/h (1 Pass)
- 6 Heads
- 40-100 GSM Paper
- 1800 mm Working Width
- 4/8 Colors
- High Intensity Inks
- Low Ink Consumption
- Cheap Cost of Production

STAR 6

DIRECT FABRIC PRINTER

- 6 heads
- 4/8 Colors
- High Speed
- Reactive/Acid/Disperse & Pigment Ink
- Suitable for all kinds of textile fabrics
- Jumbo rolls with pneumatic rollers
- Strong Heating & Drying System
- Degassing System (Optional)
